SCHOOLS OF MASON TO BE STUDIED BY RE-SEARCH COMMITTEE

Special Commission Appointed to Study Consolidated Schools Will Visit Mason County to Study Our Schools.

The fame of Mason county's consolidated High Schools have spread all over the country and now the National Bureau of Education is turning its attention to the consolidated school.

Mr. J. Virgil Chapman, State Supervisor of Elementary Schools, has been appointed by the National Bureau of Education to serve on a special educational research committee, whose business is to make a careful study of school consolidation and rural high school conditions in the United States and Canada. This committee will work with one representing the National Education Association appointed by the Department of Superintendents and Supervisors.

Mr. Chapman, who has had twenty years experience in public school work in the South spent the past summer in company with a number of State supervisors at Harvard Summer School studying some special problems in rural school administration. He says that while most of the higher institutions of learning are modifying their courses to meet war conditions, it is conceded by school men that some radical changes in the common school curriculum and perhaps a general reorganization of the entire system will be necessary, particularly that the rural schools may more adequately perform their functions. The work of this joint committee will be to obtain such information as will be of value in such readjustment to answer the greater requirements of the period after the war.

Mr. Chapman and his commission will visit the Mason county consolidated high schools in the near future to see just how "the Mason county plan" is worked.

LARGE AMOUNT OF LEAF IN WAREHOUSES

Amount of Tobacco Now in U. S. Bonded Warehouses Shows Increase Over Last Year.

Available supplies of leaf tobacco in storage in Government bonded warehouses on June 30, 1918, according to the latest official statistics, show an increase over the corresponding date last year of 32,734,545 pounds or 93 per cent. The bulk of the unmanufactured tobacco was held at New York, where the stock was more than double the quantity reported on June 30, 1917.

The increased value of raw leaf tobacco at the present time is clearly evidenced by figures at hand which show a total value on June 30, 1918, of \$32,348,958, as against \$16,260,462 for the same date last year, making a gain of \$16,088,496, or 99 per cent. Aside from holdings at New York, of the principal ports only San Francisco shows an increase over last year.

Manufactured tobacco products show a decrease of 879 pounds, or 4 per cent., for cigars and cheroots, and an increase of 345 pounds, or 192 per cent., for cigarettes.

DAMAGE SUIT STILL BEING TRIED

The damage suit of Maher vs. Owens occupied the attention of the Mason Circuit Court all during today and late this afternoon the lawyers are making their addresses to the jury.

CAMBRIA IS BURNED BY THE GERMAN HORDES

St. Quentin and Cambrai Doomed While Fall of Damascus Is Expected Hourly.

Paris, October 1.—British troops are within two and a half miles of Damascus, and the fall of the city is expected momentarily, the Echo de Paris asserted today.

At the same time French cavalry is advancing on Beirut.

London, October 1.—Fighting was resumed in the Cambrai St. Quentin front this morning. Field Marshal Haig announced. The Germans have set fire to Cambrai.

The British have captured Levergies—five miles north and slightly east of St. Quentin.

"English and Canadian troops, closing in on Cambrai yesterday, captured Provillie—a mile southwest of the city—and Tilloy—a mile north of the city—despite strong hostile resistance," the statement said.

"Cambrai has been set afire by the enemy."

"This morning fighting recommenced north of St. Quentin and in the Cambrai sector."

"North of St. Quentin the attack continued yesterday afternoon. We captured Levergies after sharp fighting in the neighborhood of the village."

"To the north we made progress toward Juncourt—two miles north of Levergies—and gained Venhulle—a mile west of Le Catelet."

"With the Americans West of Verdun, September 30.—In heavy fighting throughout today the infantry was forced to operate virtually alone, because heavy rains prevented aerial observation for the artillery."

Toward evening, however, the weather suddenly cleared. Airplanes hurried back to the gunners, signaling back to the gunners, who let loose in a way which indicated they were determined to make up for lost time.

Bombing squadrons aided the artillery by showering explosives on enemy concentrations.

At least half a dozen new boche divisions have appeared in the fighting, including Guards, Bavarians and Landwehr.

Pennsylvania and Missouri troops again bore the brunt of the counterattacks.

The miserable weather, the open nature of the fighting and the difficult ground are calling up all the resourcefulness of the Americans.

Regiments, battalions, companies and even platoons become separated in the rain and fog. Often the fighting is carried on by mere groups. Despite the bad ground, tanks continue in adding to clean up machine-gun nests.

Progress is slow, but sure. Patrols moving forward in the Briulles region report heavy machine-gun defenses being established along the Brunhilde-Stellung lines.

It is obvious the Germans intended to make the most desperate resistance in defense of their vital communication in this region.

Paris, October 1.—The French have taken more than 13,000 prisoners on the front between the Sulpie and the Argonne since September 26 and have captured more than 300 guns in the same period. A great number of the guns were of large caliber.

French troops this morning were pushing ahead again on the front between the Aisne and Vesle rivers, according to today's war office report.

NORTH FORK MAN HOLDS NUMBER FIRST DRAWN BY PRESIDENT

Richard T. Galtier, of Lewisburg, Is First in Degree of Liability Among the Mason County Men Registering at Last Registration.

The drawing of order numbers for the 13,000,000 draft registrants enrolled September 12 was started yesterday morning by President Wilson and was closed this morning at 8 o'clock breaking all records for speed. The first number drawn from the large bowl was drawn by President Wilson. The President was blindfolded and the number drew from the bowl when all was announced ready was Number 322. So small was this number that most every draft board in the country was given a first number by the President. In Mason county where there are 2102 men registered, Mr. Richard T. NOTICE

I am in receipt of a letter from the C. T. Ashley Company, of Nicholasville, Ky., stating that they are in the market for smutty wheat, garlicky wheat, or sprouted wheat, and that if there is enough such wheat in this county to justify a trip for inspection, they will be glad to send a man into the county. If those who have such wheat on hand will call up my office, 345, and give me their names and the amount they have on hand, I will report the condition to this company. If there is not enough to justify a trip for inspection, they say they will be glad to bid on samples, and that they are in position to pay best prices for this character of wheat. W. D. COCHRAN, Mason County Food Administrator.

BIG DENT IS PUT IN COUNTY'S LIBERTY LOAN QUOTA

Mason County People Are Purchasing Liberally—Sixth Ward Team of Workers Sell More Than \$10,000 Worth of Bonds in Few Hours.

Reports reaching the office of the Secretary of the Mason County Liberty Loan committee this afternoon are indeed encouraging. Every precinct in the county reports that their campaign team is busily engaged in canvassing very thoroughly every home in their precinct. Every citizen of Mason county should own one or more Liberty Bonds of the Fourth Loan and every person will have an opportunity for the committees will call on every citizen before the campaign closes.

The committee is hoping that Mason county will reach its goal of \$800,000 before the campaign advances very far. This is a fighting campaign and it should be closed up just as soon as possible.

The city precincts are making splendid showing and those who are at the head of the campaign in the city are hoping that the city will reach its quota before the close of the present week.

Up to the present time the Sixth Ward seems to be the banner ward of the city and unless some of the other wards in the city get mighty busy the largest ward in the city is going to reach their appointment first. Late yesterday one team in that ward sold ten thousand dollars worth of bonds in just a few hours.

Reports this afternoon at the close of business show that a total of \$88,000 worth of bonds were sold during today bringing the total to date up to \$169,500.

THE HOME OF QUALITY CLOTHES

Here's How the Real Americans Can Best Demonstrate Their Patriotism!

For those who cannot join the colors the next best way is to join heart and soul in every patriotic movement in support of the government.

By always helping when help is needed—by always giving moral and substantial support to all war activities to make extreme sacrifices if need be—to subscribe freely to the fullest extent for all Government loans.

All true Americans are again called upon to prove their patriotism by investing in Liberty Bonds. While the boys in khaki may be required to make the supreme sacrifice, you are only asked to lend your money to your Government so that those "over there" can be provided with the proper food and clothes and munitions of war.

FAIR PLAY TO THE ALLIES

Every American likes "fair play." For this reason all Americans will rejoice at the food administration's announcement that it is now possible for all the countries fighting Germany, including the United States, to have the same war bread.

It would not be "fair play" if we, with our large, new wheat harvest, kept the wheat for ourselves and let those who have suffered the most from the war have the worry and strain of trying to get along with bread infinitely less than ours in quantity and poorer in quality.

The opportunity to share and share alike in our bread is one which the patriotic American will welcome. In the allied countries bread, at least, may be as plentiful and as palatable and wholesome as ours—if the American housewife does not break faith with those of England, France and Italy.

To do this, the American housewife must continue to be economical in the use of wheat. She must continue to make generous use of cornmeal. But she need no longer observe wheatless days or meals unless she so desires. The fifty-fifty rule for buying wheat flour has also been discontinued.

The burden of saving wheat has now been made much easier for the housewife by putting flours on the market and so relieving her of the trouble of mixing her own combinations.

These mixed flours will be called Victory Flours and will be sold without substitutes. They will help win the war.

IMPRISONED FOR SPEEDING

How they did dose it to the speeders in New York City last Sunday. The fact that a speeder was running his machine on a gasless Sunday added much to the terrors of the penalty. Instead of the meek little fine, so often imposed for violating the speed law on that day they added a prison sentence to the fine, and some of the speeders went to jail from three to five days, a punishment that certainly fits the crime. It is bad enough to run an auto on a gasless day, but when it is done in violation of law there is a demand for increased punishment. But the question here arises, why not make imprisonment the penalty for speeding on other days besides gasless days? We should not regard the infraction of a law any less than the failing to grant a request. There is too much money afloat these days to make a fine a real penalty. If there was imprisonment, too, speeding would soon cease.

THE LITTLE JACK HORNERS

An old nursery rhyme of Little Jack Horner pulling plums from a Christmas pie and gloating over his imagined business. Jack is pictured as a boy of three or four years, plump as a partridge and immensely pleased with himself.

His whole being is engrossed for the moment in the toothsome dish before him. Perhaps he knows nothing of the thousands of other little boys who haven't any pie. Certainly he isn't worrying about them. He has his.

Which suggests that there are lots of Jack Horners in America today. With the difference that they know.

They're gloating over the plums in their pies; counting the golden eagles they have stored away in the old yarn sock or figuring up the balance they have in the bank.

And imagining that they are doing pretty well, thank you.

But they're infinitesimal compared to Jack Horner.

For the man who hoards his dollars at this time, who thinks naught of the men who are fighting his battles abroad, who are laying down their lives that his opportunities for collecting more of this world's goods and enjoying them may continue uninterrupted, and refuses to share with them, is superlatively little.

He's about the littlest man on earth. Think it over. And get out of the Jack Horner corner.

You'll have another opportunity soon.

The Fourth Liberty Loan is coming.

Why doesn't your county adopt the patrol system of road maintenance?

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Ills of Maysville People.

As one weak link weakness a chain so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork strains, colds and other causes injure the kidneys, and generally when their activity is lessened the whole body suffers. Aches and pains and tanguor and urinary ills frequently come, and there is an ever-increasing gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. Harry Mann, 495 W. Second St., says: "About two years ago, I suffered from an attack of kidney trouble that had lasted for a long time. I had a dull, constant ache in the small of my back and the pains were often sharp. I was also dizzy and felt tired and languid. Two boxes of Doan's Kidney Pills cured me and I haven't been bothered by kidney trouble since. I gladly advise anyone to get a box of Doan's Kidney Pills at the Chenoweth Drug Co., if troubled by their kidneys."

Mrs. Mann is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Mann had—the remedy backed by home testimony. 60 cents at all stores. Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle.

When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. NO POWER ON EARTH CAN HOLD THEM BACK.

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. WE MUST LEND THE WAY THEY FIGHT.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

GET INTO THE FIGHT—WITH YOUR WHOLE HEART. BUY BONDS—TO THE UTMOST!

STATE HEALTH BOARD ISSUES A PROCLAMATION ON INFLUENZA

Board of Health Forbids Public Funerals For Those Dying of Influenza, Forbids Exhibits of Itinerant Shows and Urges Good Care.

The State Board of Health of Kentucky yesterday issued the following advisory proclamation on influenza:

Whereas, Influenza, a highly infectious disease, in a severe and fatal form, is wide spread in the Atlantic coast states, and being caused only by the easily recognized Pfeiffer germ which is spread along lines of travel, and in communities and families, only by coughing and sneezing people who ought to be in bed or in their rooms, has been brought to Kentucky and, not being an officially quarantinable disease, threatens to and is likely to become a widespread epidemic in Kentucky unless the prompt and intelligent cooperation of the people can be secured in combating it, and,

Whereas, The precautions here advised, important as to coughs and colds, are made especially so in the emergency now upon us for the protection at all times of our soldiers with thousands being called to the colors by the selective draft to reach the camps within the next few weeks, as well as for farmers, industrial operatives and the noble women daily laboring for the support and comfort of our own and the allied armies, and,

Whereas, The control of this disease, if successful, must come from an educated public sentiment which will patriotically demand the voluntary and systematic isolation in his home or in a hospital during the prevalence of the disease in any community, of every person who is afflicted with cough and sneezing, and especially that such person shall not enter or remain in any public conveyance, picture shows, or other assembly until the disease is under control, and, that, therefore,

Be it resolved, That this Board, in the discharge of a manifest public duty and by virtue of authority vested in it by law, hereby urges that all patriotic people who show symptoms of this disease, promptly isolated themselves in their homes, for the protection of the public, and in their rooms for the protection of their families, and that a mask of two thicknesses of gauze or cheese cloth be worn over the mouth and nose where for any reason such isolation cannot be made complete; it advises people to keep away from all places of assembly in any community where the disease is prevailing; and it hereby expressly forbids public funerals for those dead of the disease and forbids itinerant shows of every kind from entering or making exhibits within the limits of this Commonwealth. THE GENUINE "YELLOW PERIL"

New Brands Described by Founder of Yellow Dog Drive—Disrespectors of Government Security Salesmen are Yellow Dogs.

New York, October 1—The only real "yellow peril" that confronts America at the present time is from that type of citizen that has a Charlotte Russe for a backbone, and that the peril is very real and very yellow and very varied in species is indicated by the fact that the headquarters of the Anti-Yellow Dog Clubs, with branches in every city in the United States, has found it necessary to add to the original denitions of yellow dogism.

Henry Irving Dodge, founder of the Nation-wide movement to suppress verbally distributed enemy propaganda and who personally made arrangements for the entire finances of the drive, has found that there are other types of mongrel patriots besides those he originally described, and word has been sent to the two million members of the Anti-Yellow Dog Clubs to be on the lookout for the newest crop of "yellow dogs."

In an interview given to the press, Mr. Dodge says that when he founded the national Anti-Yellow Dog Clubs and pointed the way to combat the Kaiser, he believed he had covered every form of conscious and sub-conscious disloyalty in the ten definitions describing yellow dogism but, he says, that phases of yellow dogism develop so rapidly that one must be constantly on the lookout in order to be one hundred per cent. American.

Mr. Dodge's definition describing the newest species of Yellow Dogs, brings the nation-wide campaign against them right up to the minute. The eight new types are:

Anyone who shows disrespect to a Liberty Bond or Thrift Stamp salesman is a Yellow Dog.

Anyone who unnecessarily uses gasoline on a gasless day is a Yellow Dog.

Anyone who dishonestly claims exemption from the draft is a Yellow Dog.

Anyone who grows about war taxes is a Yellow Dog.

The rent pirate is a Yellow Dog.

Anyone who adds to the burden by trying to make big profits out of the war is a Yellow Dog.

Anyone who over-eats is a stupid Yellow Dog—he's cheating himself.

All Yellow Dogs are contemptible, but the worst are those that hoard food.

BUY LIBERTY BONDS

these precautions are demanded by public sentiment and systematically carried out by every family and community, there need be little cause for alarm, and the disease will soon be under control.

THEATERS JOIN IN GREAT DRIVE FOR BOND SALE

National Theatrical Organization Perfected For the Fourth Liberty Loan Drive.

At the call of Chairman E. F. Albee of the National Theatrical Allied Interests Committee of the Liberty Loan Drive, the various branches of the amusement world and representatives of theatrical clubs met in his office in the Palace Theater building to organize for the fourth bond drive which started Saturday, September 28th, with the purpose of exceeding the sixty-five million in sales by the theaters of the United States in the last Liberty Loan campaign. There were present Marc Klaw, Henry W. Savage, Sam H. Harris, George M. Cohan, A. Paul Keith, David Belasco, James K. Hackett, Reed A. Albee, Charles Burnham, Edgar Selwyn, Maurice Goodman, Martin Beck, William Fox, Marcus Loew, B. S. Moss, and H. G. Lauder, Jr., representing the legitimate and vaudeville theaters; Sam Scribner, R. K. Hynicka and J. Herbert Mack, representing burlesque; Adolph Zukor, William A. Brady, Joseph M. Schenck, J. T. Brulatour, and Peter Schaefer representing motion pictures; Edwin Arden, the Lambs Club; Edwards Davis, the Greenroom Club; Ralph Trier, the Friars; Rachel Crothers, the Stags Women's War Relief; Jacques Weinberger and F. T. Armstrong represented the Liberty Loan Committee and Governor Benjamin Strong of the Federal Reserve Bank of New York.

In calling the meeting to order Chairman Albee spoke in high praise of the way the theater men had worked together in the last drive and expressed the belief that the coming drive would see the entire profession unite in the tremendous three weeks campaign and that profiting by the experience of the last spring drive the result from the theatres would exceed the enormous total of the third loan, which reached \$33,633,150 in New York alone. The managers were all in enthusiastic accord with Mr. Albee and upon the motion of Marc Klaw it was voted to continue the organization of the last drive throughout the next and that Chairman Albee be empowered to re-appoint the committees which did such wonderful work last spring. The unanimous opinion was that the conduct of the third drive should be the pattern for the fourth. The third drive put the theater definitely into the ranks of big business the sales being third upon the list of giant industries and the showmen gathered in Mr. Albee's office pledged themselves to leave nothing undone to make the fourth Liberty Loan a gigantic success in the New York theaters and throughout the nation wherever their interests extend.

The headquarters of the Theatrical Allied Interests Committee will be in the Longacre Building, at Broadway and 42nd street. There will be a speakers' and entertainment bureau, literary and press department with full supplies of printed matter and posters, expert financial and banking bureau, offices of the Stage Woman's War Relief and a department for supplying bond salesmen and saleswomen wherever needed.

Please remember to send in the amount of your bond sales in your theater to the above headquarters, no matter under what auspices, whether you do it yourself, or it is done by a local organization. This is to keep a record of all sales directly put through the theatrical interests, and at the end of the drive, every theatre throughout the United States will be given the credit for its sales in the newspapers throughout the Union, as well as will the aggregate amount of all the theatres which should total well over one hundred and fifty millions.

ENJOYING SCENERY IN BEAUTIFUL FRENCH ALPS

Mason County Man Now in Rest Camp Writes Interestingly of His Experiences.

Mrs. Alexander Hunter is in receipt of the following very interesting letter from her son, Sergeant Thomas P. Hunter, U. S. A., who is now in an army rest camp at Aix-Les-Bains: August 29, 1918.

Dear "Mam":
Have been here since last Saturday morning and so busy that I have not had time to write. Something going on every minute of the day and most of the night.

This is Uncle Sam's rest camp for his boys and he sure is providing a happy home for us. Everything is paid here even the tips. It is the greatest thing that has ever been done and of course it takes the Americans to do it.

Everybody is having a wonderful time and glad to be able to serve such a country.

We have fine meals, no bugle calls to worry about, sleep all day and stay up all night if we care to.

The famous Casino is now an American Y. M. C. A. I am now in the library and writing room. It is certainly a beautiful building. The gardens are wonderful, terraced with all kinds of trees and flowers—very pretty.

I would certainly like to see it in peace times. Must be wonderful then. There are all kinds of trips up the mountains. We are right in the French Alps. Trips on the lake in the Y. M. C. A. yacht. So many different things to do that, I suppose we will never be able to do them all. The mountains themselves are mere hills compared to our Rockies, however they are very pretty.

We are to leave here on Sunday at 5:30 p. m. Going to stop off in Lyons if possible as it is some city and we can't miss such an opportunity as we will probably never be so far South again.

Aix-les-Bains is a very pretty little town at the foot of the hills, beautiful villas and hotels. The Yanks are putting up in the best of them.

The baths are wonderful—natural hot sulphur baths. The first bath here was built by Julius Caesar. Part of the old arch still stands. I hope you have received some of my letters before now as I have been writing regularly. Had a letter from "Dolly" at home saying she had called on you and Patti.

Love to you both.

Your son,
THOMAS P. HUNTER,
Sgt. Co. D, 23rd Engrs.

KEPT HER AWAKE

The Terrible Pains in Back and Sides, Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

"Kaintuck" Cass was so poor he couldn't afford to wear shoes even during the coldest weather of the Kentucky mountains. If he had his aged mother would have gone hungry. But poverty failed to kill his love for his country. When the Civil War was declared "Kaintucky" wanted to join the aristocratic company from his home county and fight with the North. The aristocrats didn't want any "white trash" so "Kaintuck" was barred from the company. From a distance he loved the sister of the commandant of that company, but he could only admire her from a distance. Declare his love? No. So when "Kaintuck" couldn't fight with the company he turned outlaw. Finally the girl he had loved was captured by his band and then—? The Hun—His Mark!

There is a plain fact that every American business man must face. This war is not a dollar war. It is a war for justice, for truth, for right, and for human decency. Its financial aspects are minor aspects when measured against terms of human suffering and bloodshed.

But still the question must be asked and must be answered, by American men: "Shall the German mark conquer the American dollar?"

What the Dollar Stands For

The American dollar stands for a business world of square dealing, of equal opportunity to all people, of free commercial intercourse all over the world.

You know what the German mark stands for—a commercial system as an active instrument of foul plotting, espionage, and Prussian propaganda.

Enlist Your Dollars

Every American dollar must be enlisted in the great army that is now being mobilized against the Potsdam autocracy—the great army of the Fourth Liberty Loan.

Enlist your dollars to win a world in which fair dealing and an equal opportunity for all shall be the guiding principles.

Buy all the Liberty Bonds you can. Every bond you buy safeguards your home, your business—all you possess, and all you hope to have.

LINEN FOR FRANCE IS BADLY NEEDED

Young Ladies of the Mason County Red Cross Chapter Will Collect Linen to Be Sent to Suffering France.

The Red Cross Commissioner for France cables that the hospitals are in need of bath towels, hand towels, sheets, napkins, handkerchiefs. The Lake Division allotment will be collected during the week of September 30 by a plan to be known as "The Linen Shower." Each family is asked to contribute as many articles as possible from its reserve stock.

Wherever it seems practical, housewives are urged to make up these articles from old linen skirts and dresses, not too worn, and from pieces of new linen that may happen to be available.

Approximate dimensions: Bath towels, 19x38; hand towels, 10x30; handkerchiefs, 18x18; napkins, 14x14; sheets, 64x102.

The town and county have been divided into wards and precincts, a house to house canvass will be made Thursday morning at 10 o'clock. Each person who has any of the above articles to contribute is asked to kindly put it on their front porch to be called for by the committee. Please laundry every article. If you do not care to give away any of your own home supply, money will be most acceptable and the local Red Cross will invest the money in above articles. The articles should be new or substantially new as laundering facilities abroad are poor and poor quality would last only a short while and shipping facilities are too crowded to waste space on worn articles. If one desires to give more than one article, a set which includes: 1 bath towel, 2 hand towels, 2 handkerchiefs will be most acceptable or 1 sheet and 1 napkin.

SMALL MINING COMMUNITY SHOWS LOYALTY IN DOLLARS

Benham, Small Mining Camp in Harlan County, Subscribes \$16,000 Worth of Liberty Bonds On Last Sunday.

Rev. William Dorn, of this city, Missionary of the Episcopal Church of the Lexington Diocese, returned this morning from a trip into the Kentucky mountains.

On last Sunday Mr. Dorn held services in the small mining camp of Benham in Harlan county. At both the morning and evening services Mr. Dorn delivered patriotic addresses and urged the people to purchase liberally of the Fourth Liberty Loan. A splendid Liberty Loan organization had been perfected among the miners and at the close of the Sunday evening service it was announced that this little community of miners had subscribed for \$16,000 worth of bonds of the fourth loan.

The miners are now making large sums of money but they are showing their patriotism by investing their money in bonds and therefore turning it right back to the government for use in helping to win the war. This community's quota is \$50,000 and Mr. Dorn says the members of the community organization claim they will subscribe for more than \$75,000 in bonds before the close of the campaign.

Sergeant Felan O. Green left last evening for his camp at Camp Alexander, Newport News, Va., after a fifteen days furlough with his family and friends in this city.

TROPHY TRAIN WILL BE HERE CERTAIN ON FRIDAY EVENING

Arrangements Being Made For the Reception of the U. S. Trophy Train Which Will Be Here Several Hours Friday.

It has become known here that some person who does not care how he handles the truth or who is in league with the Kaiser has started the report over this section that the U. S. Army Trophy Train which is scheduled for next Friday at Maysville would not be here on account of the epidemic of Spanish Influenza. The Mason County Liberty Loan Committee announces that this is a very false report.

The trophy train will be here as scheduled with all of its relics of the battlefields captured from the German Huns in their retreat and with specimen of the sort of implements of war used by the United States. Accompanying the train will be a company of American soldiers and several Liberty Bond salesmen and speakers.

The train will arrive here over the L. & N. from Carlisle about 6:30 Friday evening and will remain on the siding at the L. & N. depot until about 11 o'clock when it will be switched to the C. & O. railroad and will leave for points in Ohio.

Maysville is the only stop the trophy train will make in this section of the state and it is expected that there will be a large number of people from all over the section here to view the relics which will cost absolutely nothing.

This same train was in Ashland Sunday and the Ashland papers say that it attracted more people to the city than any circus that had ever exhibited there. The train should attract in the same way here and there is every reason to believe that it will. People from Ohio and all out through this section of Kentucky will be here in large numbers.

The train is so arranged that a large number of people can view the trophies at the same time and no matter how large the crowd of people coming to the city they will all get a look at these interesting trophies.

Don't let any report that the train will not come "bluff you out" but be here in plenty of time and stay as long as you have to to see the cruel implements of warfare used by the Huns.

Liberty Court No. 65 will hold its regular meeting Wednesday evening at 7:30 p. m. All members are asked to be present.

MRS. W. C. PATTON, W. C. Miss Flora Hall, R. of D.

COUNTY PEOPLE URGED TO USE HORSES AND BUGGIES

To Come to Maysville Next Sunday Afternoon to Attend the Second Public Concert of the Mason County Community Chorus.

The second public concert of the Mason County Community Chorus which will be held in the Washington Theater on next Sunday afternoon at 3 o'clock will be worth coming miles to attend for it will be one of the most interesting musical programs ever rendered in Maysville.

The chorus is composed of a large number of voices and at its first concert those who heard the music said it was very beautiful.

Besides the singing of the local artists there will be solos by Miss Lula McClelland, of Middletown, Ohio, who won her way into the hearts of the people of this community at Ruggles Camp Grounds this summer. Besides being a beautiful singer, Miss McClelland is an expert whistler and she will give several whistling numbers during the afternoon.

No charge will be made for this concert but there will be an offering taken with which the organization will defray their expenses of purchasing music, etc.

The public is cordially invited and every one should now make arrangements to attend.

COUNTY PHYSICIAN CALLED TO HELP FIGHT INFLUENZA

Dr. J. S. Locke, Mason County Health Officer, Receives Orders From State Board of Health to Be in Readiness For Call In Short Time.

Dr. J. S. Locke, Mason County's Health Officer, has just received a communication from the State Board of Health authorities informing him that he had been selected as one of twenty health officers in the state of Kentucky to assist in the war against Spanish Influenza in this state. He was instructed to hold himself in readiness to go to the thick of the fight and help conquer the disease before it spreads over the entire state.

Dr. Locke is in the joint employment of the County, City, State and Federal Government and the order to help in this fight comes from the State and Federal Government. He is making all preparations for his call and will leave as soon as ordered to some definite point. It is more than likely that all twenty of the Health officers will be sent to Louisville to assist the army surgeons in the care of those in Camp Zachary Taylor and the suburbs of Louisville who are suffering from influenza.

REGISTRATION SEEMS LIGHT OVER THE CITY

Unless Many Register This Evening Before the Polls Close the Registration Held Today Will Be Very Light.

There seems to be very little interest being shown in registration in all of the six precincts in the city today. The polls were opened early in the morning and there was not the trouble experienced in getting election officers to man the polls like there was in the recent primary but reports up until a late hour this afternoon were not encouraging for a large registration. In fact, it appeared that the registration would be very light unless many were lured this evening.

All voters are urged to go to their precinct polls this evening before 9 o'clock and register. One of the greatest of patriotic duties is to vote and unless one registers today he will not be permitted to vote in November when a United States Senator must be chosen from this state.

The selection of a United States Senator at this time is one of the most important duties that might come to the electorate of the state and every man owes it to his country to cast his vote one way or the other in this coming election.

Remember the polls are open until 9 o'clock and there is yet plenty of time. Be certain to register before it is too late.
